NOTICE OF PRIVACY PRACTICES

In accordance with The Health Information Privacy and Accountability Act (HIPAA), all healthcare providers are required by law to maintain the privacy of your health information and provide you a description of their privacy practices. This notice identifies your rights regarding this center's use of your Protected Health Information. This notice also describes how your health information may be used and disclosed, and how you can get access to this information. Please review it carefully.

Each time you visit a hospital, physician, or other healthcare provider, a record of your visit is made. Typically, this record contains your symptoms, examination and test results, diagnoses, treatments, a plan for future care or treatment, and billing-related information. This notice applies to all of the records of your care generated by Body of Health.

Your health information will be used and disclosed to provide treatment or services. The doctor who is involved in your care and who prescribed medical massage will disclose your health information to us and we will disclose health information about you to that doctor. For example, a doctor treating you may know of conditions you have that require special care, avoidance of certain therapies, or expectations for healing that your medical massage therapist needs to know about, while your medical massage therapist will share all findings with the prescribing doctor.

We will use and disclose health information about the treatment and services you receive from us so that we can bill and receive payment. We will also tell your insurance company about treatment you are going to receive to determine whether your plan will cover it. Information about your treatment and services may also be disclosed to your attorney if such attorney is involved in litigation regarding the medical necessity of medical massage and the liability of payment for medical massage.

Although your health record is the physical property of Body of Health, you have the right to inspect and, upon written request, obtain a copy (for a fee) of your health information, which usually includes prescriptions and medical and billing records.

If you believe that health information we have about you is incorrect or incomplete, you may request in writing that we amend your health information for as long as this office keeps the information.

Our disclosure of your health information is limited to: this office, the physician who prescribed physical medicine, your insurance company, your attorney, and you. If the patient is a minor or has a legal guardian, a parent or guardian is required to read this notice and sign for the patient, and the patient's health information will be disclosed to the parents or guardian.

If you believe your privacy rights have been violated, you may file a written complain to the Office of Civil Rights in the U.S. Department of Health and Human Services at 200 Independence Avenue S.W., Room 509 F, HHH Building, Washington D.C. 20201. You will not be penalized for filing a complaint.

By signing this form, you hereby acknowledge that the Body of Health may release your Protected Health Information to carry out payment and treatment operations.

I have read and understand the Notice of Privacy Practices of the Body of Health.
